

PEDIATRIC PSYCHIATRY ECHO®

PEDIATRIC PRIMARY CARE PROVIDERS AND CLINICAL TEAMS

The **Pediatric Psychiatry ECHO** is a virtual learning network where participants receive expert knowledge from the specialist team at **Maine Pediatric & Behavioral Health Partnership**. Our team approach allows you to connect with subject matter experts and peers from across the state to discuss what really works.

1st Wednesday
Noon to 1 pm
(2024 Jan-Jun)

Register Now

Receive regular emails reminders with session preview, connectivity information, and resources.

Cost: Free.

Earn: CME's or Contact Hour Certificates for each session you attend, upon survey completion.

What does the Pediatric Psychiatry ECHO Offer?

- **Increased comfort and confidence to manage complex pediatric psychiatry cases.**
- **Real-time clinical review of cases with the specialized team at Maine Pediatric and Behavioral Health Partnership.**
- **Confidence to detect, assess, treat and refer children in the pediatric care settings.**
- **Effective resources for your patients, families & communities.**
